

**NEW WESTMINSTER, BRITISH COLUMBIA:** The Fraser West Plastic Surgery group and the Fraser Health Authority is looking to hire a hand subspecialist to join our group of ten surgeons. The ideal applicant will have at least one year of post graduate training in hand and microsurgery. It is expected that the applicant will have a strong interest in tertiary and quaternary hand care. They will be replacing a hand surgeon with a well established practice.

The Royal Columbian Hospital is the tertiary care hospital for the Fraser Health Authority, B.C.'s largest and fastest growing health authority and is a level 1 trauma centre. Elective resources are located there as well as at the nearby Eagle Ridge Hospital. Hand clinic space and surgical trauma time are available.

The group is affiliated with the University of British Columbia with teaching opportunities for medical students and residents, though this is not a primary residency training site. Multiple private clinics also offer resources in the area.

General plastic surgery call is currently 1 in 10. A MOCAP agreement provides an on call stipend.

This area encompasses the growing city of New Westminster, sandwiched between the city of Vancouver and the farmlands of the Fraser Valley. It is an ideal location to raise a family with a seemingly unlimited number of recreational activities, fine restaurants, and top schools. With its proximity to Vancouver and BC's Interior, this is a great place to live.

Please forward letters of interest, a copy of your CV and three letters of reference to [droxley@gmail.com](mailto:droxley@gmail.com) and [physicianrecruitment@fraserhealth.ca](mailto:physicianrecruitment@fraserhealth.ca)
