

**Re: Paediatric Plastic Surgery Fellowship  
Division of Plastic Surgery  
University of British Columbia & BC Children's Hospital**

This advanced training program is 12 months in duration and provides a large volume experience in the management of a variety of paediatric problems, such as cleft lip & palate, congenital hand abnormalities, obstetrical brachial plexus injuries and vascular anomalies. Additional exposure to the management craniofacial anomalies can be provided as appropriate / desired. This is a comprehensive Paediatric Plastic Surgery Fellowship for plastic surgeons that have completed their training and wish to develop/refine subspecialty skills. Generous financial support is available for the duration.

Successful completion of a Royal College or American Board certified Plastic Surgery program or equivalent.

Applications are now being received for upcoming positions. Please apply ~ 24 months prior to the desired date of training. Applicants are generally accepted 18-24 months prior to the July start date.

Erin Brown, MD, PhD, FRCSC  
Fellowship Director - UBC Plastic Surgery

Douglas J. Courtemanche, MD, MS, FRCSC  
Paediatric Fellowship Director
