

Plastic Surgeon with specialization in Breast Reconstruction Surgery

Trillium Health Partners - Surgery Program

Description: The Division of Plastic Surgery, Trillium Health Partners Health Partners (THP), invites applications for a **Full-Time Associate Plastic Surgeon specializing in Microvascular Free Flap Breast Reconstruction Surgery**. THP is one of the largest providers of breast cancer care in Ontario. The integrated breast program is a collaborative partnership with the Divisions of Plastic Surgery and General Surgery. THP's Plastic Surgery Division consists of seven Plastic Surgeons. We are affiliated with the University of Toronto Mississauga Academy of Medicine.

Duties/Responsibilities: The successful applicant's practice will focus on microvascular free flap breast reconstruction with 90% of surgical time dedicated to breast reconstruction. The successful candidate will also participate in the delivery of unplanned care including on-call rotation supporting THP and surrounding Hospitals, but will operate primarily at Credit Valley Hospital (2200 Eglinton Avenue West, Mississauga, Ontario, L5M 2N1).

The successful candidate will contribute to medical education and clinical research. Applicants are expected to hold a postdoctoral research fellowship, ideally related to regenerative medicine. Management experience is essential, and candidates with experience developing clinical programs including their associated business plans are preferred. The successful candidate should hold a professional certificate in healthcare management and have experience in this field.

Remuneration will be on a fee-for-service basis through billings submitted by the physician to the Ontario Health Insurance Plan (OHIP), estimated to be \$300,000-\$450,000 CAD per annum.

Required Qualifications: Applicants must hold an MD or equivalent with completed training in Plastic Surgery and must be eligible for licensure with the College of Physicians and Surgeons of Ontario. This individual must have obtained the Royal College of Physicians and Surgeons of Canada Fellowship in Plastic Surgery or equivalent and have undergone recognized Fellowship training in Breast Reconstructive Surgery. The position is open to all qualified candidates; however, priority will be given to Canadian citizens and permanent residents of Canada.

The successful candidate will be appointed to an academic position within the Department of Surgery, University of Toronto. The type of academic position will be dependent upon the qualifications of the successful candidate.

Application: Interested applicants should arrange to have a current curriculum vitae, a letter of intent, and the names of three references forwarded to:

Dr. Cory Goldberg, MD, FRCSC
