

Plastic Surgeon with specialization in Breast Reconstruction Surgery
Trillium Health Partners - Surgery Program

The Division of Plastic Surgery, Trillium Health Partners (THP), invites applications for an academic Plastic Surgeon specializing in Breast Reconstruction Surgery. The successful applicant will be based primarily at the Credit Valley Hospital site of THP.

THP is one of the largest providers of breast cancer care in Ontario. As a major provider, THP's goal is to continue to advance our breast cancer program and are seeking a breast reconstruction surgeon, with specific expertise and focus on micro-vascular surgery. The integrated breast program is a collaborative partnership with the Divisions of Plastic Surgery and General surgery.

THP's Plastic Surgery Division consists of 7 Plastic Surgeons (including a dedicated Breast Reconstruction Surgeon) and provides service to the City of Mississauga and surrounding communities. We provide specialized care in all domains of Plastic Surgery and are affiliated with University of Toronto and specifically the Mississauga Academy of Medicine.

The role description for the successful applicant: practice will focus on microvascular flap breast reconstruction, 90% of surgical time dedicated to breast reconstruction, supporting the delivery of unplanned care, contributing to medical education and clinical research. The successful can

Remuneration will be on a fee-for-service basis through billings submitted by the physician to Ontario Health Insurance Plan. The successful candidate will care for surgical inpatients and outpatients and participate in the on-call rotation supporting Trillium Health Partners and surrounding Hospitals.

Applicants must hold an MD or equivalent with completed training in Plastic Surgery and must be eligible for licensure with the College of Physicians and Surgeons of Ontario. This individual must have obtained the Royal College of Physicians and Surgeons of Canada Fellowship in Plastic Surgery or equivalent and have undergone recognized Fellowship training in Breast Reconstructive Surgery.

This individual will take part in the undergraduate and post-graduate surgery curricula at the University of Toronto. The successful candidate will be appointed to an academic position within the Department of Surgery, University of Toronto. The position will be recruited at a level dependent upon the qualifications of the successful candidate.

The application process will remain open until the position is filled. The anticipated start date is July 2022.

Interested candidates are requested to reply with a letter of interest and curriculum vitae, along with the names and contact information of three (3) references, by **January 31, 2022** to:

Dr. Conor Turley, Division Head of Plastic Surgery, Surgery Program
C/o Zeeshan Muhammad: Muhammad.Zeeshan@thp.ca.
