

Academic Plastic Surgeon Dalhousie University and Nova Scotia Health Authority

The Division of Plastic Surgery at Dalhousie University is seeking to hire a full time academic Plastic Surgeon. This position will have its clinical base at the Queen Elizabeth II Health Sciences Centres in Halifax, Nova Scotia.

The successful candidate will join a dynamic group of enthusiastic surgeons and will be an important part of our Plastic Surgery residency training program. They must have demonstrated potential for academic excellence as an active role in academics- research, education or administration- is required and incentivized.

The successful candidate will have a Fellowship in Reconstructive Microsurgery with a demonstrated clinical interest in breast and other oncologic/trauma reconstruction surgery. Additional qualifications and clinical interest in gender affirmation surgery is required. They will participate in general Plastic Surgery call, therefore must also be proficient in digit reimplantation, hand surgery, basic maxillofacial trauma surgery, and other common acute presentations. The candidate must be eligible for licensure in Nova Scotia. Remuneration is based on a competitive alternate funding plan. Anticipated start date is July 2023.

The Department of Surgery is committed to fostering a collegial culture grounded in diversity and inclusiveness. The Department of Surgery encourages applications from Indigenous people, persons with a disability, racially visible persons, women, and all candidates who would contribute to the diversity of our community.

A letter of application, accompanied by a CV and names of three referees, will be accepted until June 30, 2022 and should be sent to:

Dr. Jason Williams
Head, Division of Plastic Surgery
