

EDUCATIONAL FOUNDATION GRANT RECIPIENTS

| | | |
|------|---------------------|---|
| 2024 | Cawthorn, Thomas | Evaluating long-term impacts and sustainability of clinical care pathways for pediatric cleft palate and alveolar bone grafting surgery |
| 2023 | Gallo, Lucas | Developing a new patient-reported outcome instrument for children with congenital and acquired differences of the hands and upper limb (LIMG-Q Kids Arms) |
| | Avery, Emma | Ambulatory surgical care for Nishnawbe Aski Nation (NAN) |
| 2022 | Aribert, Marion | Effectiveness of indications for patient transfers to a single specialized center for upper limb reimplantation, draining a vast geographical area |
| | Gallo, Lucas | Closed incision negative pressure therapy following autologous abdominal tissue breast reconstruction: A pilot randomized control trial |
| 2021 | McGuire, Connor | The use of polyethylene glycol to improve sensation following digital nerve laceration: A randomized controlled trial |
| | Duncan, Anna | N-acetylcysteine supplementation in addition to night splinting for treatment of mild to moderate carpal tunnel syndrome: A randomized, double-blind, placebo-controlled trial. |
| 2020 | Zuo, Kevin | Evaluation of long-term surgical outcomes and quality of life after facial reanimation in pediatric facial paralysis. |
| | Dengler, Jana | Utilization of reconstructive surgery to improve upper limb function in cervical spinal cord injury in Canada |
| 2019 | Davidge, Kristen | Etiology of pain in children with brachial plexus birth injury |
| 2018 | Hartley, Rebecca | Pediatric hand fractures requiring specialist referral - Derivation and validation of a clinical prediction rule |
| 2017 | Baltzer, Heather | Trapeziometacarpal osteoarthritis biomarker profile: A translational study for correlating biomarker expression to osteoarthritis phenotype |
| | Retrouvey, Helene | Understanding and reducing barriers to postmastectomy breast reconstruction in Ontario |
| 2016 | Boyd, Kirsty | Nerve transfers to restore hand function in tetraplegia: A multi-centre, multi-disciplinary pilot study |
| | Ziolkowski, Natalia | SCAR-Q KIDS: Developing a patient-reported outcome instrument for the pediatric surgical, burn and traumatic scar populations |
| 2015 | Doherty, Chris | Reverse end-to-side anterior interosseous nerve to ulnar nerve transfer for severe ulnar neuropathy at the elbow |
| 2014 | Snell, Laura | A novel touch-based educational tool for intraoperative training in plastic surgery |
| 2013 | Gdalevitch, Perry | Effect of nitroglycerin ointment on mastectomy flap necrosis in immediate breast reconstruction: A randomized controlled trial |
| 2012 | Wong, Karen | CLEFT-Q: Development of a patient-reported outcome measure for cleft lip and/or palate |
| 2011 | Thoma, Achilles | A comparison of quality of life in patients undergoing partial trapeziectomy using a minimalist approach versus complete trapeziectomy with ligament reconstruction and tendon interposition: A prospective pilot study |
| | Zhong, Toni | The use of transversus Abdominis plane (TAP) block in autologous breast reconstruction donor site: A randomized, double-blind, placebo-controlled trial |
| 2010 | Temple, Claire | Development of the BRECON "Breast Reconstruction Satisfaction Questionnaire": Part III: Psychometric testing |
| 2009 | Antonyshyn, Oleh | Results of primary orbital fracture repair: An analysis of morphological and aesthetic outcomes |

| | | |
|------|----------------------|---|
| | | |
| 2008 | Neinstein, Ryan | Effect of breast reduction surgery on indicators of insulin resistance: a pilot study |
| | | |
| 2007 | Binhammer, Paul | Injected steroids and surgery in Dupuytren's contracture |
| | | |
| 2006 | Bezuhly, Michael | Cost analysis and determination of waiting times for post-mastectomy breast reconstruction in Nova Scotia, 1999-2005 |
| | | |
| 2005 | McCarthy, Colleen | Artecoll for improved nipple projection in postmastectomy patients |
| | | |
| 2004 | Thoma, Achilleas | Vertical scar vs inferior pedicle reduction mammoplasty: A cost-utility analysis |
| | O'Blenes, Catherine | Prospective study of outcomes after reduction mammoplasty |
| | | |
| 2002 | Sigurdson, Leif | Development of breast reduction waiting list triage criteria |
| | | |
| 2001 | Rice, Sean | Is patient satisfaction altered by knowledge of their post-ablative deformity? |
| | | |
| 2000 | Ross, Douglas | Prospective, randomized study of patient-rated outcomes and breast sensibility following immediate neurotized vs non-neurotized |
| | | |
| 1999 | Thoma, Achilleas | Health utilities index and resource utilization instruments: a pilot study |
| | | |
| 1998 | Bain, James | McMaster University breast reduction outcome study |
| | | |
| 1997 | Semple, John | Breast reconstruction outcome study |
| | Forrest, Christopher | The morbidity of pan-facial and Lefort facial fractures: A comparative outcome analysis |
| | | |
| 1996 | Peters, Walter J. | Outcome study of women after explantation of silicone-gel implants |
| | Morris, Steven | Plastic surgery outcome assessment - an emerging concept |
