

## BREAST RECONSTRUCTION FELLOWSHIP

**Number of positions:** 1

**Duration:** 6 months (Jan 1, 2025 – June 30, 2025)

**Supervisor:** **Sheina Macadam, MD, MSc Epi, FRCSC, FACS,**  
**Breast Reconstruction Fellowship Director**

### **Description:**

The University of British Columbia Division of Plastic Surgery, in conjunction with Allergan Canada, offers a 6-month Breast Reconstruction Fellowship.

This advanced training program is 6 months in duration and provides a large volume experience in immediate and delayed alloplastic and autologous breast reconstruction. Although a significant portion of the reconstruction is microvascular in nature, this is not a microsurgical fellowship. Rather, this is a comprehensive breast reconstructive fellowship for plastic surgeons that have completed their training and wish to develop/refine subspecialty skills in the management of breast and trunk reconstruction.

### **Requirements:**

Financial support for this fellowship requires that the applicant be eligible for licensure (Canadian trained) in British Columbia.

Successful completion of a Royal College or American Board Certified Plastic Surgery Program or equivalent is required.

Successful completion of the [IELTS](#) exam if language of instruction and practice during medical school and residency was not in English. A passing grade must be obtained **prior** to submission of the fellowship application.

### **Applications:**

Applications are now being received for upcoming positions. Please apply ~ 24 months prior to the desired date of training. Applicants are generally accepted 18-24 months prior to the January or July start date.
