

PEDIATRIC PLASTIC SURGERY FELLOWSHIP

UBC DIVISION OF PLASTIC SURGERY

Number of positions: 1

Duration: 12 months - **OPENING: JULY 2025**

Supervisor: Dr. Saoussen Salhi, MD, FRCSC Pediatric Plastic Surgery, Fellowship Director

Description:

The University of British Columbia Division of Plastic Surgery offers a 12-month Pediatric Plastic Surgery Fellowship.

This advanced training program is 12 months in duration and provides a large volume experience in the management of a variety of paediatric problems, such as cleft lip and palate, congenital hand abnormalities, obstetrical brachial plexus injuries, burn trauma and vascular anomalies. Additional exposure to the management craniofacial anomalies can be provided as appropriate / desired. This is a comprehensive Paediatric Plastic Surgery Fellowship for plastic surgeons that have completed their training and wish to develop/refine subspeciality skills. Generous financial support is available for the duration.

Requirements:

Financial support for this fellowship requires that the applicant be eligible for licensure (Canadian trained) in British Columbia.

Successful completion of a Royal College or American Board-Certified Plastic Surgery Program or equivalent is required.

Successful completion of the IELTS exam if language of instruction and practice during medical school and residency was not in English. A passing grade **must be obtained prior to submission** of the fellowship application.

Applications:

Applications are now being received for the fellowship position starting in July 2025.
