

## **PRACTICE OPPORTUNITIES**

### **LOCUM/Practice – Full-time Plastic Surgeons**

**Location:** Lower Mainland, British Columbia

#### **Opportunity:**

Full-time Plastic Surgeon Locums are available beginning **April 2026** – duration is **6+ months** (start date and duration are flexible and may be extended).

More than one locum position is possible.

The position comes with staffed offices, including a shared office within a collegial group of 8 established plastic surgeons, as well as main OR, ambulatory care & cast clinic time at Surrey Memorial Hospital, Royal Columbian Hospital, the Jim Pattison Outpatient Care and Surgery Centre, and private surgery centre access. Additional sites may also be included (depending on the number of locums supported). The position will have excellent staff and EMR support in a very collegial environment. There will be access to hand clinics (with hand therapist, nursing and cast tech support), minor surgery time, trauma, and elective time.

Practice coverage includes general plastic surgery including breast reconstruction, hand surgery, trauma surgery, skin cancer management, and microsurgery.

**Applicants with interest and/or further training in breast microsurgical reconstruction, and the intention to continue this aspect of practice long-term, are strongly encouraged to apply.**

Plastic surgery call responsibilities are approximately 1 in 12 with the ample opportunities to increase if desired and includes MOCAP on-call stipend.

There are future permanent opportunities with our group. The population of our health authority is rapidly expanding and to support this our group is actively planning for expansion and recruitment, particularly with regards to immediate breast microsurgical reconstruction.

#### **Qualifications:**

Applicants must have a fellowship in Plastic Surgery, FRCS(C), and obtain licensure with the College of Physicians and Surgeons of British Columbia.

#### **Applicants:**

Please forward your Letter of Interest, CV, and a list of three (3) referees (at least one should be Chief of Surgery or Program Director)

**To:** Dr. Amera Murabit
