

CANADIAN SOCIETY OF PLASTIC SURGEONS SOCIÉTÉ CANADIENNE DES CHIRURGIENS PLASTICIENS

Educational Foundation Scientific Presentation Award Winners

Year	City	Award	Name	Co-Authors	Title
2022	Quebec City	Clinical - First Prize	Xiya Ma	L Zhu, A Gélinas, J Li, B Mastropasqua, JC Lin	Intraoperative vasopressor use in replantation surgery is an independent risk factor for decreased replant survival
2022	Quebec City	Clinical - Second Prize	Karen Chung	D Naimark, M Eshete, G Gebretekle, C Forrest, S Beate	The impact of scaling up palate surgery and speech care across Ethiopia: A cost-effectiveness analysis using dynamic microsimulation resource constraint models
2022	Quebec City	Innovation - First Prize	Mark Shafarenko	J Qiu, T Wright, J Catapano, S Hofer, B Murphy	Development and validation of a novel augmented reality K-wire fixation simulator
2022	Quebec City	Innovation - Second Prize	Annie Wang	D Lee, K Zuo, C Forrest	Using facial recognition technology to determine the most effective procedures for facial feminization surgery
2022	Quebec City	Basic Science - First Prize	Jenna-Lynn Senger	A Thorkelsson, M Rajshekar, M Chan, B Kerr, C Webber	A direct comparison of targeted muscle reinnervation (TMR) and regenerative peripheral nerve interfaces (RPNI) to prevent neuroma pain
2022	Quebec City	Basic Science - Second Prize	Stefan Padeanu	MC Medor, D Grabs, E Boghossian	An anatomical study of renous valves in upper and lower extremity flaps
2022	Quebec City	Poster - First Prize	Maria Medor	G Bouhadana, I Churchill, T Hemmerling, D Borsuk, V Papanastasiou	"How Big is too Big" Exploring the relationship between breast implant volume and post-operative complication rates in women undergoing primary breast augmentation
2022	Quebec City	Poster - Second Prize (1 of 2 prizes)	Jacques Zhang	S Grey, T Sairi, A Seal	Phone-based hand therapy platform for patients requiring hand physiotherapy: Randomized controlled trial on effectiveness and patient-reported satisfaction.

*

Research: Educational Foundation Award for a Basic Science Study presented by a Resident to the Society's Annual Meeting/Prix de la Fondation d'éducation pour une étude fondamentale présentée par un Résident à la Réunion Annuelle de la Société.

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

Year	City	Award	Name	Co-Authors	Title
2022	Quebec City	Poster – Second Prize (2 of 2 prizes)	Zachary Zhang	M Carr, N Carr, P Lennox	Breast implant sizer practice pattern amongst Canadian plastic surgeons
2022	Quebec City	Medical Student Poster – First Prize	Isabella Churchill	M Médor, DD Pereira, A Mussie, M Momtazi	Immediate lymphatic reconstruction in breast cancer patients undergoing axillary lymph node dissection
2022	Quebec City	Medical Student Poster – Second Prize	Brett Ponich	R Hartley, A-S Lafreniere, C Temple-Oberle	Necessity of temporal artery biopsy for giant cell arteritis: A systemic review
2021	Virtual	J.F. Murray Award for Excellence in Hand Surgery	Fanyi Meng	A Baradaran, M Mojtahed Jaberi, M Luc, L Xu, S Thibaudeau	Patient-reported quality of recovery after local anesthesia and brachial plexus block in hand surgery: a prospective randomized controlled study
2021	Virtual	Clinical – First Prize	Karen Chung	G Gebretekle, M Eshete, A Howard, E Pullenayegum, C Forrest, S Beate	Health utilities from children with cleft lip and/or palate in Ethiopia: A cross sectional study
2021	Virtual	Clinical – Second prize	Kevin Zuo	M Heinelt, E Ho, G Borschel, R Zuker	Outcomes of Pediatric Dynamic Facial Reanimation after Two Decades
2021	Virtual	Innovation – First Prize	Rakesh Gudimella	R Adamson, Y Pan, D Tang	Upper extremity agonist-antagonist myoneural interface improves force matching accuracy compared to standard transradial amputation
2021	Virtual	Innovation – Second Prize	Emilie Robertson	G Louie, P Kwan, P Boulanger, D Aalto	Introducing automation in virtual surgical planning for unicoronal craniosynostosis
2021	Virtual	Basic Science – First Prize	Jenna Lynn Senger	K Rabey, J Olson, M Morhart, M Chan, CA Webber	Strategies to Optimize Functional Recovery in a Distal Nerve Transfer
2021	Virtual	Basic Science – Second Prize	Olivier Larrivé	R Rinfret-Paquet, A Thibodeau, T Galbraith, H Khuong, F Berthod	Tissue engineered nerve graft for the repair of peripheral nerve gap
2021	Virtual	Poster – First Prize	Catherine Landells	A-S Lafrenière, C Temple-Oberle, K Sass	Presurgical infant orthopedic appliances for patients with cleft lip and/or palate do not impair facial growth: A systematic review
2021	Virtual	Poster – Second Prize	Todd Dow	C Davis, J Williams	Acrometastasis to the hand: A systematic review and meta-analysis of 641 cases
2021	Virtual	Medical Student Poster – First Prize	Ruchit Patel	R Somogyi	Comparing Post-Surgical Outcomes of Pre-Pectoral versus Dual-Plane Direct-to-Implant Breast Reconstruction Without Increasing the Use of Acellular Dermal Matrix
2021	Virtual	Medical Student Poster – Second Prize	Karim Et-Tahiry	n/a	Volar plate avulsion fracture in children

Research: Educational Foundation Award for a Basic Science Study presented by a Resident to the Society's Annual Meeting/Prix de la Fondation d'éducation pour une étude fondamentale présentée par un Résident à la Réunion Annuelle de la Société.

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

Year	City	Award	Name	Co-Authors	Title
2020	Online	Clinical - First Prize	Michael Stein	A Arnaout, G Pond, M Clemons, D Fergusson, J Zhang	A randomized control trial comparing surgical and patient-reported outcomes between Alloderm and Dermacell in immediate alloplastic breast reconstruction
2020	Online	Clinical - Second Prize	Matthew Curran	A Platt, MJ Morhart, JL Olson, KM Chan, Western Canada Peripheral Nerve Research Initiative Organization	Outcomes of AIN end to side transfer for severe ulnar nerve injury: A Western Canadian multicentre cohort study
2020	Online	Innovation - First Prize	Tomas Saun	N/A	Deep learning for automated assessment of upper extremity radiographs
2020	Online	Innovation - Second prize	Dino Zammit	T Safran, G Noel, M Gilardino	Introduction of a novel type of surgical simulation: 3D-printed step-specific simulation (S2Sim) for rhinoplasty
2020	Online	Basic Science - First Prize	Jenna-Lynn Senger	K Rabey, M Morhart, A Chan, KM Chan, C Webber	Conditioning electrical stimulation improves functional recovery in a tibial to fibular nerve transfer
2020	Online	Basic Science - Second Prize	Kevin Zuo	G Shafa, K Chan, J Zhang, T Gordon, GH Borschel	Local FK506 (tacrolimus) drug delivery enhances nerve regeneration through unprocessed fresh nerve allografts
2020	Online	Poster - First Prize	Sarah Zhu	M Sarraj, B Chin, E Wang, M McRae	Denervation as a treatment for osteoarthritis in the small joints of the hand: A systematic review
2020	Online	Poster - Second Prize	Spencer Chambers	K Garland, T Delyzer	Adherence of clinical referrals to ABA criteria in a tertiary care burn centre: A retrospect review
2020	Online	Medical Student Poster - First Prize	Ambika Agrawal	J Ding, B Agrawal, E Tredget, P Kwan	A possible immune mechanism for hypertrophic scarring after burn injury
2020	Online	Medical Student Poster - Second Prize	Regina Leung	C Forrest	Exploring the potential of using augmented reality holograms for skills training in Plastic Surgery
2019	St. John's	Clinical	Rebecca Hartley	F Fraulin, R Harrop, P Faris, J Wick, P Ronsley	Calgary Kids' Hand Rule: A prediction model for triage of acute pediatric hand fracture
2019	St. John's	Innovation	Dale Podolsky	B Murphy, D Fisher, K Wong Riff, J Drake, C Forrest	Development and evaluation of a high-fidelity rhinoplasty simulator
2019	St. John's	Poster	Joe Barkho	M Cooper, M McRae, M Choi	Pyiform buttress displacement and nasal obstruction: An isolated finding and surgical indication in naso-orbito-ethmoid fractures

*

Research: Educational Foundation Award for a Basic Science Study presented by a Resident to the Society's Annual Meeting/Prix de la Fondation d'éducation pour une étude fondamentale présentée par un Résident à la Réunion Annuelle de la Société.

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

Year	City	Award	Name	Co-Authors	Title
2019	St. John's	Basic Science	Jenna-Lynn Senger	KM Chan, T Kwan-Wong, J Olson, M Morhart, C Webber	Conditioning electrical stimulation is superior to postoperative electrical stimulation in enhancing nerve regeneration and functional recovery
2019	St. John's	Medical Student Poster	Colton Boudreau	T Levatte, A Gareau, C Jones, S Legere, M Bezuhly	Effect of Compound 21, a selective angiotensin II type 2 receptor agonist, in an abdominal adhesion murine model
2019	St. John's	Hand	Noor Alolabi	A Hooke, S Kakar	The biomechanical consequences of trapeziectomy and partial trapezoidectomy in the treatment of thumb carpometacarpal and scaphotrapeziotrapezoid arthritis
2018	Jasper	Clinical	Brian Chin	A Copeland, L Gallo S Wakeham, A Thoma, S Voineskos	The fragility of statistically significant findings from randomized controlled trials in plastic surgery
2018	Jasper	Innovation	Danielle Dumestre	F Fraulin	Avoiding breach of patient confidentiality: trial of a smart phone application that enables secure clinical photography and communication
2018	Jasper	Poster	Alexandra Hatchell	A Sandre, M McRae, F Farrokhyar, R Avram	The success of digital replant salvage procedures: A retrospective cohort study
2018	Jasper	Basic Science	Kitty Wu	S Kim, A Yazdani, E Turley, T DeLyzer	Characterizing primary fibroblasts in breast capsular contracture formation
2018 (First year of this award)	Jasper	Medical Student Poster	Karrie Wong	M McRae, E Stubbs, M McRae	Modified Delphi method to establish pre-operative reporting priorities for CTA / MRA in deep inferior epigastric perforator (DIEP) breast reconstruction
2018	Jasper	Game of Skin & Bones	Jennifer Matthews U of Calgary		A case of scoliosis
2017	Winnipeg	Clinical	Aaron Knox	J Shih, D Courtemanche, J Fish, M Brown	Performance of paediatric core procedural competencies amongst Canadian Plastic Surgery Residents
2017	Winnipeg	Innovation	Daniel Demsey	JPG Arrunategui, N Carr, A Hodgson	Feasibility of using optical sensing to measure bore depth in surgical bone drilling

*

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

2017	Winnipeg	Poster	Joseph Catapano	SSM Fung, C Jobst, RM Zuker, A Ali, GH Borschel	Documentation of corneal reinnervation and investigation of improved ocular surface health after corneal neurotisation in patients with neutrophic keratopathy
2017	Winnipeg	Basic Science	Ahmed Al-Qattan	L Lessard, A Philip	The effect of nAG (a salamander-derived protein) on fibrosis in scleroderma fibroblasts
2016	Ottawa	Basic Science & Hand	Hollie Power	M Morhart, J Olson, M Chan	Electrical stimulation enhances muscle reinnervation and functional recovery following cubital tunnel surgery - a randomized controlled trial
2016	Ottawa	Clinical	Kathryn Isaac	N Umraw, R Cartotto	Constructing skin graft seams in burn patients: A prospective randomized double blinded study
2016	Ottawa	Innovation	Dale Podolsky	D Fisher, K Wong, T Looi, J Drake, C Forrest	The feasibility of da Vinci® robotic cleft palate repair and development of a novel robotic instrument for trans-oral robotic surgery
2016	Ottawa	Poster	Jennica Platt	T Cil, L Chan, S Hofer, T Zhong	NippleSAVE Video: Development and validation of a patient educational video to increase patient knowledge regarding Nipple-Sparing Mastectomy
2015	Victoria	Basic Science	Jacqueline Piggott	J Piggott, A Yazdani, E Turley	Inhibition of RHAMM-Hyaluronic Acid interaction by Peptide B produces subcutaneous fat proliferation in the rat model
2015	Victoria	Clinical	Dale Podolsky	DJ Podolsky, DM Fisher, KW Wong, JM Drake, CR Forrest	Development of a robotic approach to cleft palate repair
2015	Victoria	Epidemiology	Diana Song	D Song, JX Zhang, J Bedford, DJ Courtemanche, J Arneja	What is the best way to track surgical complications? Comparing ACS-NSQIP vs. traditional M&M rounds
2015	Victoria	Poster	Marie Elizabeth Noland	M Noland, T Swedish, M Moufarrej, T Gurry, A Das, R Raskar	Mobile phone based mini-spectrometer for rapid detection of cutaneous lesions
2014	Montréal	Basic Science	Amanda Murphy	A Murphy, S Al-Youha, M Bezuhly	Angiotensin receptor blockade is associated with decreased cutaneous scar formation in a rat model: a preclinical study
2014	Montréal	Clinical	Joshua Wong	J Wong, J Olson, M Morhart, KM Chan	Electrical stimulation enhances sensory nerve regeneration: a randomized double-blind placebo controlled clinical trial
2014	Montréal	Epidemiology	Heather Baltzer	H Baltzer, M Roy, C Novak, S McCabe, P Binhammer, H von Schroeder	A mixed-methods assessment of direct and indirect patient costs following hand trauma

*

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

2014	Montréal	Poster	Chris Coroneos	C Coroneos, S Voineskos, M Coroneos, A Thoma, J Bain, M Brouwers	Obstetrical brachial plexus injury (OBPI): a national clinical practice guideline
2014	Montréal	Hand	Achilleas Thoma	A Thoma, MN Kaur, T Ignacy, C Levis, S Martin, E Duku	Health related quality of life in patients undergoing palmar fasciectomy for Dupuytren's disease
2013	Calgary	Basic Science	Amanda Murphy	A Murphy, M Bezuhly, J Williams, M Leblanc, P Gratzer, K Conlan	Inflammation and remodeling of acellular dermal matrices in a rat model
2013	Calgary	Clinical	Heather Baltzer	H Baltzer, O Alonzo, M Yaffe, K Metcalfe, E Warner, J Semple	MRI volumetric analysis of breast fibroglandular tissue to assess risk of the spared nipple in BRCA 1/2 patients who are considering prophylactic nipple sparing mastectomy
2013	Calgary	Epidemiology	Jennica Platt	J Platt, T Zhong, AM Easson, G Booth, R Moineddin, NN Baxter	Regional variation in rates of immediate breast reconstruction: It matters where you live in Ontario
2013	Calgary	Poster	Kathryn Sawa	K Sawa, A Yazdani, M Rieder, G Filler	Descriptive statistical analysis of anthropometry and blood pressure in infantile hemangioma patients treated with corticosteroids and propranolol
2012	Toronto	Basic Science	Siba Haykal	Y Zhou, S Hofer, T Waddell	Determining the in vitro and in vivo immune response towards decellularized porcine tracheal allografts for airway transplantation
2012	Toronto	Clinical	Tara Lynn Stewart	P Voss, M Metzget, G Louie, D Schultz, R Schmelzeisen	Intraoperative dataset backup with C-arm device for navigation controlled surgery
2012	Toronto	Epidemiology	Heather Baltzer	P Binhammer	A cost-utility analysis of needle aponeurotomy, partial fasciectomy and collagenase injection for the treatment of single-digit Dupuytren's contracture
2012	Toronto	Poster	Sophocles Voineskos	K Cheung, R Avram, DD Sommer	A systematic review of the endoscopic management of isolated orbital floor fractures
2012	Toronto	Hand	Michael Morhart	J Olson, J Hebert, M Chan, R Stiegelmar	A novel method to enhance sensory feedback and improve function of myoelectric prostheses after upper limb amputation
2011	Vancouver	Poster	Hana Farhang Khoee	H Farhang Khoee, D Lalonde	The Effectiveness of Teaching "Hole-in-One" Local Anesthetic Injection for Carpal Tunnel Surgery to Medical Students/Residents

*

Research: Educational Foundation Award for a Basic Science Study presented by a Resident to the Society's Annual Meeting/Prix de la Fondation d'éducation pour une étude fondamentale présentée par un Résident à la Réunion Annuelle de la Société.

Clinical: F.M. Woolhouse Award for a Clinical Study presented by a Resident to the Society's Annual Meeting/Prix F.M. Woolhouse pour une étude clinique présentée par un résident à la Réunion Annuelle de la Société

Hand: The James F. Murray Award for Excellence in Hand Surgery/Le prix d'excellence en chirurgie de la main James F. Murray

Epidemiology & Biostatistics: Given for the first time in 2007 for the best presentation in Epidemiology & Biostatistics by a Resident / Donné pour la première fois en 2007 pour la meilleure présentation en Épidémiologie & Biostatistique par un Résident.

Innovation: Given for the first time in 2016. Award for the best presentation by a Resident in an Innovative area. / Donné pour la première fois en 2016. Prix pour la meilleure présentation par un résident dans un domaine innovateur.

2011	Vancouver	Research	Bryan Chung	B Chung, SF Morris	Examination of the Factor Structure of the Michigan Hand Questionnaire
2011	Vancouver	Epidemiology	Jennifer Klok	AL Ho, A Scott, J Klok, A Pusic, N Van Laeken	Measuring Quality of Life and Patient Satisfaction After Facial paralysis: A Systematic Review of Patient Reported Outcome Measures
2011	Vancouver	Clinical	Karen Cross	KM Cross, L Leonardi, M Sowa, J Fish	Non-invasive Measurement of Edema in Burn Wounds over Time Utilizing Near Infrared Spectroscopy (NIRS)
2010	Halifax	Clinical	Elia Botros	D Rizis, DE Borsuk, E Botros, JP Brutus	Taking the resident by the scalpel: A public survey
2010	Halifax	Epidemiology	Kristen Davidge	K Davidge, J Lipa, G Tomlinson, R Wong, J Wunder, A Davis	Strategies for handling treatment selection bias in non-randomized surgical studies: a functional outcomes analysis of soft tissue sarcoma patients undergoing extremity salvage with and without flap reconstruction
2010	Halifax	Poster	Jay Zhu	J Zhu, LF Zhu, P Kwan, M Morhart	Arterial versus venous conduits in microvascular surgery: an experimental study
2010	Halifax	Research	Michael Bezuhly	M Bezuhly, R Cullen, CT Esmon, SF Morris, KA West, B Johnston, RS Liwski	Role of activated protein C and its receptor in inhibition of melanoma metastasis
2010	Halifax	Hand	Michael Morhart	M Morhart, J Olson, R Stiegelmar, J Hebert	Targeted reinnervation for myoelectric prosthesis
2010	Halifax	Best Paper Overall	Jaret Olsen	LS Gan, A Prochazka, J Olson, M Morhart, EN Ravid, J Kowalczewski	Preliminary results of the first permanent human implant of the stimulus router system, a novel neural prosthesis.
2009	Kelowna	Clinical	Karen Wong	P Klaiman, S Fischbach, DM Fisher	Effectiveness of the Furlow palatoplasty in correcting velopharyngeal insufficiency in patients with small velopharyngeal defects following primary cleft palate repair
2009	Kelowna	Epidemiology	Bimpe Ayeni	L Dickson, L McKnight, A Thoma	A systematic review of power and sample size reporting in randomized control trials within Plastic Surgery
2009	Kelowna	Poster	Quinton Chivers	A Arkoubi, K Murray, A Islur	Cosmetic surgery in Canadian Plastic Surgery Residencies: Are we training competent surgeons?
2009	Kelowna	Research	Farrah Yau	E Rahmani, R Jalili, A Ghahary	Topical application of stratifin and acetylsalicylic acid reduces hypertrophic scarring in the rabbit ear model

*
