

## Plastic Surgeon

### Abbotsford Regional Hospital & Cancer Centre– Abbotsford, British Columbia

Fraser Health is responsible for the delivery of hospital and community-based health services to over 1.9 million people in 20 diverse communities from Burnaby to Fraser Canyon within the traditional, ancestral and unceded territories of the Coast Salish and Nlaka'pamux Nations, which is home to six Métis Chartered Communities.

A Full-time general community plastic surgeon is required for the Fraser Health Authority. The ideal applicant will have at least one year of post-graduate training in fellowship. The applicant should have a strong interest in General Community Plastic Surgery, including trauma, hands, breast, and skin cancer management. They will be responsible for establishing a plastic surgery presence for the Fraser Health Authority at Abbotsford Regional Hospital and Cancer Centre (ARHCC).

The group affiliates with the University of British Columbia with teaching opportunities for medical students and residents, though ARHCC is not a primary residency-training site. Multiple private clinics also offer resources in the area.

General plastic surgery call is currently 1 in 5, and a MOCAP agreement provides an on-call stipend. Call is a regional responsibility, shared with the plastic surgeon at Langley Memorial Hospital. This would cover the entire Fraser Valley East, which includes ARHCC, LMH, Mission Memorial hospital, Chilliwack General Hospital and Fraser Canyon Hospital.

**Facility:** [Abbotsford Regional Hospital and Cancer Centre](#)

ARHCC is part of the Fraser Health Authority, BC's largest and fastest growing health authority. ARHCC is a level 3 Trauma Centre and provides higher level of care for the surrounding communities including, Paediatrics, Critical care and Surgery.

Plastic surgery resources including access to scheduled OR time, urgent/emergent OR time, and ambulatory care/cast clinics resources. The centre also has a very busy Breast Health Care Clinic and provides evidence based care for breast cancers and breast reconstruction. There are also opportunities to perform MSP cases in private facilities and possibility, other hospital centres in Fraser Valley East.

Abbotsford is located in one of the fastest growing regions in Canada. It is located a forty minutes from Vancouver and in the natural beauty of the Fraser Valley. It is an affordable and ideal location to raise a family with a seemingly unlimited number of recreational activities, fine restaurants, and top schools. With its proximity to Vancouver, the mountains, oceans and lakes, and BC's Interior, this area is a great place to live.

**Qualifications:** FRCSC, CPSBC (eligible for full licensure), CMPA

**Compensation:** MOCAP, Fee for services

**To Apply:** Please forward letters of interest, a copy of your CV and three letters of reference to [medicalstaffrecruitment@fraserhealth.ca](mailto:medicalstaffrecruitment@fraserhealth.ca) These must include letters from residency and

fellowship program directors. If you have been in practice for at least four years, a letter from your chief of surgery is required in lieu of your program supervisor's letter. Please submit all applications no later than **October 28, 2022**. The anticipated starting date for this position is November 1, 2022 or earlier.

*Fraser Health values diversity in the work force and strives to maintain an environment of Respect, Caring & Trust. Fraser Health's hiring practices aspire to ensure all individuals are treated in an inclusive, equitable and culturally safe manner.*
