

PEDIATRIC PLASTIC SURGERY FELLOWSHIP

Number of positions: 1

Duration: 12 months

Supervisor: Dr. Saoussen Salhi, MD, FRCSC, Pediatric Plastic Surgery
Fellowship Director

Description:

The University of British Columbia Division of Plastic Surgery offers a 12-month Pediatric Plastic Surgery Fellowship.

This advanced training program is 12 months in duration and provides a large volume experience in the management of a variety of paediatric problems, such as cleft lip & palate, congenital hand abnormalities, obstetrical brachial plexus injuries and vascular anomalies. Additional exposure to the management craniofacial anomalies can be provided as appropriate / desired. This is a comprehensive Paediatric Plastic Surgery Fellowship for plastic surgeons that have completed their training and wish to develop/refine subspecialty skills. Generous financial support is available for the duration.

Requirements:

Financial support for this fellowship requires that the applicant be eligible for licensure (Canadian trained) in British Columbia.

Successful completion of a Royal College or American Board Certified Plastic Surgery Program or equivalent is required.

Successful completion of the [IELTS](#) exam if language of instruction and practice during medical school and residency was not in English. A passing grade must be obtained **prior** to submission of the fellowship application.

Applications:

Applications are now being received for upcoming positions. Please apply ~ 24 months prior to the desired date of training. Applicants are generally accepted 18-24 months prior to the January or July start date.
