

**LOCUM** - Full-time Plastic Surgeons  
Lower Mainland, BC

**Location:** Lower Mainland, British Columbia

**Opportunity:**

**Full-time Plastic Surgeon Locums** are available beginning June/July 2024 – duration is flexible and may be extended. More than one locum position is available.

The position comes with staffed offices, as well as main OR, ambulatory care & cast clinic time at Surrey Memorial Hospital, Royal Columbian Hospital, the Jim Pattison Outpatient Care and Surgery Centre, Eagle Ridge Hospital and possibly other private facilities as needed.

Practice coverage includes general plastic surgery including breast reconstruction, hand surgery, trauma surgery, skin cancer management, and microsurgery (if desired). The locum will have excellent staff and EMR support in very collegial office environments. There will be abundant access to hand clinics (with hand therapist, nursing and cast tech support), minor surgery time, trauma, and elective time.

Plastic surgery call responsibilities are approximately 1 in 11 with the potential to increase if desired and includes on-call stipend.

This locum position is temporary, but there are future potential permanent opportunities within our group. The population of our health authority is rapidly expanding and to support this our group is actively planning for expansion and recruitment.

**Qualifications:**

Applicants must have a fellowship in Plastic Surgery, FRCS(C), and obtain licensure with the College of Physicians and Surgeons of British Columbia.

**Applicants:**

Please forward your Letter of Interest, CV, and a list of three (3) referees (at least one should be Chief of Surgery or Program Director)
