

## Plastic Surgery Locum - Part Time

Practice Location: Vancouver/Burnaby, BC

Dates: Open/Flexible

Opportunity: Seeking part-time locum(s) for a plastic surgery private practice, affiliated with Burnaby Hospital- Division of Plastic Surgery - Fraser Health Authority.

Burnaby Hospital is a mid-sized community hospital on the border of Burnaby BC and Vancouver BC, with 4 full time plastic surgeons practicing their currently. The hospital is centrally located, and surgeons can easily commute to work while living anywhere throughout the lower mainland of BC.

The locum duration/frequency/start-date/end-date are all flexible. Duration could range from very short to very long. There could be scheduled dates off throughout the duration of the locum period. The locum is ideal for someone who is seeking part-time work allowing them to pursue other endeavors such as exploring BC, family, or other work opportunities.

Practice and resources: General plastic surgery practice at a community hospital, billing MSP BC insurance. The position includes main OR resources, minor procedure room, office time, call stipend. Practice overhead costs are very low, and negotiable with the locum. There are private surgery centers available for the locum to pursue cosmetic surgery work if interested. EMR: Plexia.

Qualifications: Royal College certified. License with CPSBC.

Inquiries: Please send a letter explaining your date requests/goals/questions, along with your CV and eventually the names/contacts of two references. Send information to Dr. Daniel Mckee [\*\*central@drdanielmckee.com\*\*](mailto:central@drdanielmckee.com)
